Continuation of Attachment(s) 9. Other: Attached approved drawing change fig 14.

Drawings

1. The drawings were received on 26 OCT 2007 of replacement sheet figure 14.

These drawings are APPROVED.

2. New corrected drawings in compliance with 37 CFR 1.121(d) are required in this application because: 1) in especially figure 14 the lines are not of sufficient thickness to provide a clear line which is reproducible in a copy for publication; 2) hand written part at the top of figure 2 and figure 6 is unclear; 3) Figures 17 and 18 are unclear in line and data points. 4) In Figures 18 and 19, within the black legend label box, the text legend is unreadable.

3. Applicant is advised to employ the services of a competent patent draftsman outside the Office, as the U.S. Patent and Trademark Office no longer prepares new drawings. The corrected drawings are required in reply to the Office action to avoid abandonment of the application. The requirement for corrected drawings will not be held in abeyance.
